## Studijní obor 6702T: European Studies (ESA)

European Studies is a two-year interdisciplinary Master Programme aiming at providing students with complex and in-depth understanding of the European integration process in its broader historical and political context. Courses offered as part of the programme thus cover not only the legal, institutional, political and economic dimensions of European integration, but also its social and cultural aspects as well as the dynamics of EU-member states interaction and the role of the EU in the global environment. The programme is especially designed for students who plan to enter positions in EU institutions, international organizations, national administration or non-governmental sector.
