

Bachelor's Program 6201R009: Economics and Finance (BEF)

Bachelor's Program 6201R009: Economics and Finance

Bachelor in Economics and Finance (BEF) is a three-year study program taught fully in English. It aims to give the student a thorough grounding in both theoretical and applied economics and finance. We put emphasis on developing abstract analytical reasoning, which allows our graduates to solve complex economic and financial problems in various settings. Courses are taught both by core faculty and external professionals from the central bank, commercial banks and business analysts. Our graduates typically assume challenging positions in banking, consulting, investment funds and public administration.

Academic director of the bachelor study program Economics and Finance is **doc. PhDr. Julie Chytilová, Ph.D.**

Total study obligations: 180 credits

A) Mandatory subjects (J#0001014): 89 credits

Student must pass all mandatory subjects according to the list below.

B) Elective subjects (J#0001114): min. 64 credits

C) Optional subjects: max. 27 credits

Student must pass mandatory, elective and optional subjects to fulfill together the total of 180 credits. What are optional subjects? Other subjects - than mandatory and elective subjects specified for this study program here - taught at the University are regarded as optional subjects. As optional subjects are also regarded subjects taught at other higher education institutions or their parts, or other education or scientific institutions, if so established by an agreement between the faculty or University and that university or institution.

State Exam:

Bachelor's Thesis Defence

Mandatory Subjects J#0001016
